DETAILED ACTION

Correction to Previous Notice of Allowance

1. In the Notice of Allowance mailed March 16, 2009, the Examiner mistakenly omitted claim 41 as part of the Examiner's Amendment and as part of the PTOL-37 form. The instant Supplemental Examiner's Amendment and the PTOL-37 attached hereto corrects these mistakes.

Authorization for this examiner's amendment was given in a telephone interview with Frank Scutch III (Registration No. 34,484) on January 21, 2009. The application has been amended as follows:

In the claims:

In claim 41, lines 1-2, replace "exterior light control as in claim 40" with --exterior light control, comprising: a controller configured to generate an exterior light control signal, said controller is further configured to execute a first algorithm comprising at least one second algorithm selected from the group comprising: an on state to off state transition state algorithm and an off state to on state transition state algorithm;--
